Jukka Blomberg : How to Profit from China: The only book you need to start investing profitably in Chinese stocks before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Profit from China: The only book you need to start investing profitably in Chinese stocks:

0 of 0 people found the following review helpful. Giving this 3 stars because this is an easy read. Maybe I'm reading it too literallyBy Lin Ming ChouGiving this 3 stars because this is an easy read. Maybe I'm reading it too literally, but the title should be renamed as "Investing in" ather than "Profit from". Jim Rodger's book does a better number than this one.2 of 2 people found the following review helpful. A Must Read! How To Profit From China.By MeliThis handy, clearly-written book presents all of the basic facts and figures and history of the Chinese stock market and how to step into the game.It is an easy and interesting read, penned by someone who clearly has a lot of knowledge and background experience in this area.I especially liked the 'key takeaways' at the end of each chapter which further clarified what I was reading as well as highlighted what I (a rookie investor) should focus on next.Another great aspect of this book is it lays the foundation of the keys to profit from Chinese Stocks with links to real-time information via the (...) website.A must-read for both new and experienced stock investors!2 of 2 people found the following review helpful. Excellent guideBy CustomerGreat book about investing in China. Practical guide how to profit and avoid the worst pitfalls on the way. This is needed in the Chinese rollercoaster!

Today, with the negative news around the Chinese economy, it is easy to forget there are several sectors in China that will outperform most other investment opportunities globally for decades to come. As investors, we want to be in those sectors and get our fair share of the growth. Jukka Blomberg ndash; a Chinese Stock Analytics Software Creator and an active China Investor ndash; will show you how to tap into these opportunities, in which sectors to invest, how to find the most promising stocks and how to build your position. Moreover, in this book he will help you: To save money by illustrating the things to do and the things to avoid in China investing. To save time by presenting the majority of information on Chinese stocks in an easily digestible format. To make money by focusing on the fastest growing and most promising industries and companies. To minimize the odds of big losses and to maximize the odds of big gains by adopting the strategies introduced.

"This excellent, highly useful book discusses the why and how of investing in growing Chinese markets." - Foreword
s"Blomberg does an admirable job paring down to the essentials of such a vast and complicated topic"
